- Working with version control such as BitBucket or GitHub, GitLab
- Conflict resolution within/between the delivery team and stakeholders.
- Good communication and collaboration skills.
- Strong leadership skills.

## OBJECTIVE

My short term goal is to find a position where I can use the knowledge and strengths that I have. I want to partake in the growth and success of the company I work in. My short term goal is to grow as a good manager in 2 next year. My goal is to always perform at an exceptional level. But a short-term goal I have set for myself is to implement a process that increases work efficiency.

Achievements and skills gained:

- Be assessed positively by the clients and Project Manager: active, extremely adaptable...
