OBJECTIVE

Seeking a position as a Web Developer gives me a chance to gain knowledge as well as growth myself. Working in a professional and challenging environment is a good opportunity for utilizing my skills and knowledge to be the best of my abilities and contribute positively to my personal growth as well as the growth of the organization.

EDUCATION

2014 - 2019	**Da Nang University of Science and Technology** Major: Information Technology GPA:3.1/4

WORK EXPERIENCE

2018 - 2019	**Internship** I joined the internship program and Bootcamp of Enclave company. Besides that, I learned a lot of useful soft skills, teamwork skills, improved technical and English. More than that, I also learned how to deal with difficulties, how to communicate with my colleagues and also the client. During this time, I built the blood donation website and completed my graduation project with quite a high.
2018 - PRESENT	**Web developer** Back-end: .Net core Front-end: HTML, CSS, JavaScript, React JS Database: SQL, MySQL, PostgreSQL Source code: Github, Gitlab
2019 - PRESENT	**Software Engineer at Enclave company** Working as Front-end developer
